

Scheduling 2017-2018

This guide can be used to help you put together a course plan for the 2017-2018 school year. Please copy this to your drive and fill out as you see fit. In our trimester schedule, you will have three trimesters. Each trimester you can take 5 classes. You will also have an ARP at the end of the day. We ask that you also fill out 2-3 alternative classes that you would want to take if your first choices do not work out in your schedule. Each box below represents a class period. Note that this may not be where your actual classes fall when we complete the schedule. Required courses for each grade level are listed on the back of this sheet. Once you have your classes figured out, please log into your skyward account and input your classes into the computer.

Freshmen Year Example:

Trimester 1	Trimester 2	Trimester 3
English 9	English 9	Computer Applications
SM1	Health	SM1
Biology	Biology	Introduction to Agriculture
Physical Education	US History	US History
Chorale	Chorale	Chorale

ARP	ARP	ARP
-----	-----	-----

Use this chart to plan your classes:

Trimester 1	Trimester 2	Trimester 3

ARP	ARP	ARP
-----	-----	-----

Please list 2-3 alternates you are willing to take:

1. _____

2. _____

3. _____
