High School Completion - Legacy Rates (by age 21)

Beginning in 2009-10, the Wisconsin Department of Public Instruction (DPI) began reporting high school completion rates using the adjusted cohort rate formula. Adjusted cohort rates provide information about the number and percentage of students who earn a high school completion credential within a amount of time (four, five, or six years). DPI reported legacy high school completion rates through 2011-12. Legacy rates provided information about the number and percentage of students who earned a high school completion credential by age 21 in any given year. The School District Performance Report only reports legacy rates. **Please visit the WISEdash Public Portal to view adjusted cohort high school completion rates.** <http://wisedash.dpi.wi.gov/Dashboard/Page/Home/Topic%20Area/Graduation/>

Postgraduation Plans

Group By: [All Students](#) ✦ [Gender](#) ✦ [Race/Ethnicity](#)
