

Frequently Asked Questions

How do I add money to meal accounts?

You can either drop off a check or cash with the secretary of your child's school building, at the administration building, or make a payment online. For questions contact the Food Service Secretary

Free & Reduced Applications

To apply for free and reduced meals, the application must be filled out and returned to the Food Service Secretary. Applications can be filled out at any point during the school year as income may change. A copy of the application can be found under the Forms section.

Milk

If a student purchases breakfast and/or lunch a milk is included with that meal. If a student qualifies for free or reduced priced meals the milk is included with the meal. However if a student just purchases a milk, that milk is not free and will be charged a la carte.

Elementary Milk

If your family qualifies for free or reduced benefits, morning milk break is free to grades PK-5. However, getting milk to go with a sack lunch is not free. You are responsible for these charges.

A La Carte

Students at the Middle School & High School are allowed to purchase a la carte items. These are items that are available for sale to students beyond the normal meal.

Items may include granola bars, water, juice, baked chips, additional lunch entrees etc.

Students will be allowed to purchase a la carte items if they have a positive balance in their account. Students with a negative account balance will not be allowed to purchase a la carte items.

If you do not want your child to be allowed to purchase a la carte items, then a form must be filled out and turned in to the Food Service Secretary. In this case a lock will be placed on the account which will not allow a la carte items to be purchased, but will still allow regular meals to be purchased. The a la carte denial form can be found under the Forms section.

Special Dietary Accommodations

Students who need special dietary accommodations made to school meals, must have a completed Dietary Request form on file with the Food Service Program before any accommodations can be made.

Please contact the Food Service Coordinator before participating in the school meals program if you need special dietary accommodations or have a food allergy.

The Dietary Request form can be found under the Forms section. Forms can be turned into the School Nurse and or emailed to the Food Service Coordinator.
