School Photos

Student photos will be taken at the individual schools this year at the start of the school year. Save time and hassle on Picture Day and order your school portrait package online!

3 Ordering Options For Your School Portraits This Fall:

1. Visit Lifetouch's mobile-friendly, online ordering site at www.myLifetouch.com. (school-specific ordering codes will be available as your picture day approaches in the fall) This is the recommended ordering option as there's lot's of choices for backgrounds, croppings and you can even build-your-own package if you like.
2. Traditional paper flyer/order envelopes will be available about a week before picture day for those parents wishing to order by cash or check. Students should hand the order envelope to the photographer on picture day if ordering in this manner.
3. Want to wait to see the picture before you order? Students that have not ordered on or prior to picture day, will receive a Personalized Order Sheet approximately 3 weeks after picture day which includes a couple sample pictures along with ordering instructions. Orders placed in this manner are shipped directly to your home and accordingly have a \$7.50 shipping & handling fee.
