## A La Carte

Students at the Middle School & High School are allowed to purchase a la carte items. These are items that are available for sale to students beyond the normal meal.

Items may include granola bars, water, juice, baked chips, additional lunch entrees etc.

Students will be allowed to purchase a la carte items if they have a positive balance in their account. Students with a negative account balance will not be allowed to purchase a la carte items.

If you do not want your child to be allowed to purchase a la carte items, then a form must be filled out and turned in to the Food Service Secretary. In this case a lock will be placed on the account which will not allow a la carte items to be purchased, but will still allow regular meals to be purchased. The a la carte denial form can be found under the Forms section.
